

# MTH Seminar

## An introduction to the control theory and optimization.

**WooCheol Choi**  
(Sungkyunkwan University)

**September 23, 2021(Thu) 16:00~17:15**

Zoom ID: 880 9439 4249(PW: 1882)

(Zoom Conference Room: Mathematical Sciences Colloquium 2021-2)

**(Contact: Prof. Youngae Lee, [youngaelee@unist.ac.kr](mailto:youngaelee@unist.ac.kr))**

The control theory and optimization provide important key tools in many applications. I will describe the basic concepts and applications of these subjects and some research topics. I will also introduce their connections to the Robotics field.
